Design by: simplysheryl (1 Project)
About me: I am a teacher new to crafting and love making flowers! Purchased the Flower Shop and love, love, love it! Looking forward to learning new things and creating!
Project skill level: easy
Project time: 1 hour to 2 hours
Project tags: Home Décor/Accents Spring Feminine Party Decorations/Favors Gifts Holiday Décor

I purchased the pot from Dollar Tree and used Flower Shoppe to create the flowers. They are glued onto a wire flower stem and then inserted into the pot which has foam in the bottom. Each flower has a plastic white bead in the center. This project takes 1 - 2 hours to complete.
