Decorate any table for Fall using the Create A Critter 2 cartridge. I've create a placemat embellishment, place card and napkin ring using the squirrel and acorn.

CRICUT®: WHAT WAS USED

Cricut Expression® Machine

Cricut® Create a Critter Cartridge

OTHER MATERIALS NEEDED

- 5 different colors of card stock
- Tiny brads
- Creatopia adhesive

STEP 1

Using 5 different colors of card stock, cut desired size of squirrel for placement and place holder, and of the acorn for the napkin ring. The embellishment for my placement is 7" and the place card and napkin ring are 3".

STEP 2

I used my Creatopia machine to apply adhesive to the individual pieces, but any method will work fine. For the place card I only attached the 'shadow' cut at the top so it would stand up. For the napkin ring, I cut 2 acorns and used tiny brads to attach them together on the sides. All of these pieces can be made water resistant by laminating them. They can also be cut from foam board or other material. I used card stock due to time.
