

# HAPPY 25TH ANNIVERSARY - EXTREME FONTS WEEK #2

Design by: <a href="mailto:char226796">char226796</a> (1 Project)

About me: I started with CRICUT to scrapbook....but quickly moved to cards. I dearly love CCR and have enjoyed making cards for family and friends for the past five years since I bought my first CRICUT.

Project skill level: <u>easy</u>
Project time: <u>2 hours to 3 hours</u>

Project tags: Anniversary Trendy Celebration

### Cards

I used the "POUND SIGN" in Extreme Fonts to make a FRAME for the front of this card. "LOVE" and the "Little Red Hearts" - CCR Basics Fonts "DOVES" - Tie the Knot and "Happy Anniversary" - Phrases

## CRICUT®: WHAT WAS USED

Oricut Expression® Machine with Flantin SchoolBook and Accent Essentials®

Oricut® Printing 101 Classmate™ Cartridge

Oricut® Tie the Knot Cartridge

### STEP 1

This is a very simple project. I merely cut out my images and glued them onto the paper. Sorry, but I have had the paper for a while and it was loose, so I don't remember what papers I used here from what stacks. I do know they are DCWV papers.
