OTHER MATERIALS NEEDED

- Towel
- 6 tiny buttons
- Fabric of your choice
- New Mat
- White puffy paint
- Satin Ribbon
- Liquid Stitch
- Heat N Bond UltraHold in the red package
- New Blade

STEP 1

Iron the heat n bond to the back of all the fabric you are using. Then peel off the paper backing once cool.

STEP 2

In CCR using the Create ACritter 2 Cartridge design the bird at 3 1/5 inches and the Joy phrase at 1 1/2 inches. . I recommend that you take all placing marks out of the designs by using the hide contour feature. Place your fabric onto a new cutting mat with the heat n bond side down. Cut all of your fabric in your Cricut machine. Tip: Use a new blade and new mat for best cutting. Blade depth 5, pressure 4.

STEP 3

Iron the layers of the bird to the towel. Iron the Joy Phrase to the towel. Add 6 tiny buttons to the wreath using Liquid Stitch. Then add the satin ribbon to the towel by sewing it on or using Liquid Stitch. Add 2 tiny dots of white puffy paint to the birds eyes. Let dry and your project is ready to be used.
