<u>Outdoors</u>

This tree reminded me of making fall leaf finger paintings. I used the Create a Critter 2-- tree with a smiley face.

CRICUT®: WHAT WAS USED

Oricut Expression® Machine

Oricut® Everyday Cartridge, Oreate a Oritter 2

OTHER MATERIALS NEEDED

- Finger paints
- stick glue

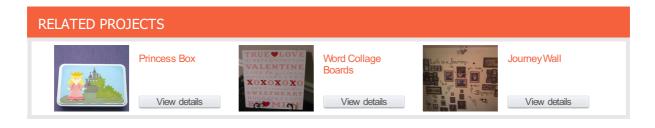

8x11 black/grey background

STEP:

Cut a Tree out so it fits in 8x11 piece of paper. I streched the tree so it is a skinny tree. I cut 2 trees on a 12x12 piece of paper. Cut them out and paste to a black or grey background.

STEP 2

It gets a little messy with the finger paints so have children dress appropriately. I used a old dress shirt and button in the back. lay out news paper and let the kids use fall colors and paint as they like.
