Child's name on white foam board

CRICUT®: WHAT WAS USED

Cricut Expression®
Machine

Cricut® Teresa Collins,
Sophisticated Cartridge

Create a Critter - 01

OTHER MATERIALS NEEDED

- adhesive
- pink striped paper
- Pink card stock
- pink and purple ribbon
- foam board cut 19 x 10
- black card stock
- purple card stock
- Brown card stock

STEP 1

This is my very first project that I made for my grand daughter's room.

Cut out your letters using Cricut Sophisticated Cartridge. I used font 1 and I used capital and small letters for her name.

STEP 2

Cut the pink striped paper to fit the entire board. Cut the brown cardstock to fit the length of the board. I trimmed it to leave 4" on the top and bottom side.

STEP 3

Cut pink and purple ribbon the length of the board and glue to the top and bottom of the brown cardstock to outline.

STEP 4

Next place the letters along the length of the board in the center of the brown card stock.

STEP 5

Cut the chosen animals from Create a Critter cartridge. I cut them at 3". I chose pink and purple to stay within the colors of her room. You can use traditional colors if you like. I also cut 2 dragonflies 3" from Boho Graphics Iron On Cartridge. Place them in various positions and glue down.

STEP 6

I then took a piece of the pink and purple ribbon used to outline the brown and glued to the back of the board with my ATG gun and made a hanger.
